

Trevor Savelkoul

Education

University of Mary, Bismarck, ND

Spring 2021

Major: Mathematics Education

Student Teaching: Spring 2021

Graduation: Spring 2021

Teaching Experience

Student Teaching--?

Practicum II—Simle Middle School

Fall 2020

- Mr. Andrew Voorhees—8th grade math

Practicum I—Bismarck High School

Spring

- Ms. Karmen Wahl—Algebra I

Avid Tutoring—Horizon Middle School

Spring 2020

- Ms. Sarah McMahon—7th and 8th grade tutoring in all subjects

Professional Development

Avid Training

January 2020

- I learned how to question students through problems and how that will help the students learn the information better than if I just tell them what they need to know. I was also trained on WICOR, Cornell note taking strategies, and organizational skills for the notes to help them make sense.

Work Experience

Scheels

July 2020-Present

- I am a Scheels associate in the shoe department where I am a footwear specialist. I work with customers to help them find the right shoe that will fit their foot and their needs. I would stock inventory when I had time and made sure the store was in good order. There was a strong focus on customer service which is good for relations with people.

Cross Training Camps

2018-Present

- I am a coach for the cross-training basketball and football camps in the summer. I work with improving kids' skills in those games and teaching them how to improve their play.

I try to connect with them on a spiritual level and help them grow in their relationship with God. This has helped me learn to work with kids' different ways from athletics to spiritual.

Savelkoul Farms

2012-Present

- I am a farm technician at my families' farm. I would operate many different implements from the tractors and combines to the trucks. Also, if needed when the implements broke down or needed maintenance, I would work on them to keep them running well and keep our productivity time up. This job helped me learn to problem solve and develop a love for it.
